

Z-Band QuickClip

66593RM Direct Thermal Material

Description:

Z-Band QuickClip is a 152.4 micron white top-coated direct thermal polypropylene tag. This material is converted into direct thermal bar code identification wristbands. Zebra Z-Band QuickClip offers secure closure to ensure added security.

Suggested Applications

- Safe, secure, positive patient ID for hospitals
- Admission to sporting events, concerts, festivals and amusement parks

Key Technical Features

Direct thermal ease of use (no ribbon), bar code protects patient information

Excellent print quality down to 5 mil narrow bar codes. Recommended print speed is 2 ips.

UV overvarnish is applied over print area on wristbands, providing excellent resistance to water, soaps, foam soaps, lotions, alcohol and other common solvents

Secure closure with Zebra Z-Band QuickClip

No natural rubber latex is used in the raw material processing of 66593RM or Zebra Z-Band QuickClip.
